EXAMINER'S AMENDMENT

Election/Restrictions

1. Claims 9,12-20 have been withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in Paper filed October 15, 2004.
2. This application is in condition for allowance except for the presence of claims 9, 12-20 non-elected without traverse. Accordingly, claims 9, 12-20 have been cancelled.
3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steven Maslowski [46905].
4. The application has been amended as follows:

Cancel claims 9, 12-20.

In claims 23-25 and 28-30 after "cured" delete "and filler-less".

5. The following is an examiner's statement of reasons for allowance:

Claim 21 recites, inter alia, a *sight bowl housed in the bushing said the sight bowl being transparent and comprising a cured epoxy resin.*

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
